TRAPMASTER NIGHT SAFE

With special aperture that accepts currency notes, even cheques, credit-card bills, etc. The money or document will slide through the aperture and drop down to the bottom of the safe for maximum security.

No need for key or combinations to be given or disclosed to junior staff. The TRAPMASTER SAFE 2240 and SAFE 2250 provides maximum protection for your cash collections, even when the authorised executive holding the key, is not on duty.
